The Toronto Section of the Institute of Transportation Engineers and the Ontario Traffic Conference (OTC) have once again teamed to bring an exciting one-day seminar on the Urban Streetscape. Urban design and streetscaping elements are playing a larger role in our transportation corridors and the intent of the seminar is to bring together those involved in the planning, design and delivery of these elements within the road right of way.

One of the topics to be presented is the recent initiatives by the City of Toronto on their Coordinated Street Furniture Program which will make streetscapes more attractive and pedestrian friendly. Stay tuned for more details on additional topics and presenters.

Once again it's time to start thinking about the ITE Toronto Section Annual General Meeting and Christmas Luncheon. As in previous years it will be held at the Toronto Cricket Curling and Skating Club, 141 Wilson Avenue. However due to scheduling constraints at the club the luncheon will be held on Friday November 23, 2007, rather than the first Friday in December.

More details to follow in November.

ITE Contact Information

If you or one of your colleagues are not receiving the monthly ITE Journal, the quarterly CITE Transportation Talk, periodic web communication correspondence from CITE, and/or the ITE Toronto Section Newsletters... then the contact information we have may not be up to date in our respective databases. ITE International, CITE and the ITE Toronto Section maintain separate membership databases. Every effort is made to keep the three databases "in agreement"; however, there are instances where changes in membership have not been instituted across the databases.

For **ITE Journal, Invoicing and other ITE international correspondence**, your current contact information can be viewed and changed at www.ite.org under the "my profile" tab on the left side. It provides information on what your login and password are based on your ITE membership number and name.

For **Transportation Talk and the Web Communications Centre** distribution list, your current contact information can be viewed and changed at www.cite7.org and by logging onto the Web Communications Centre on the bottom left.

If you have forgotten your CITE login and password, you can have this information e-mailed to you. Instructions are provided on the CITE web site by clicking the "Need help with Orchestra?" link.

For **ITE Toronto Section Newsletters**, your current contact information can be checked with our **Membership Coordinator** Ahsun Lee at alee@lea.ca. The ITE Toronto Section distributes their correspondence solely by e-mail. If you are receiving the Toronto Section newsletters, your e-mail contact information is correct and there is no need to confirm mailing address information.
